## Supreme Command

Those who perform Sádhaná twice a day regularly, the thought of Paramapuruśa will certainly arise in their minds at the time of death; their liberation is a sure guarantee. Therefore every Ánanda Mágii will have to perform Sádhaná twice a day invariably; verily is this the command of the Lord. Without Yama and Niyama, Sádhaná is an impossibility; hence the Lord's command is also to follow Yama and Niyama. Disobedience to this command is nothing but to throw oneself into the tortures of animal life for crores of years. That no one should undergo torments such as these, that everyone might be enabled to enjoy the eternal blessedness under the loving shelter of the Lord, it is the bounden duty of every Ánanda Mágii to endeavour to bring all to the path of bliss. Verily is this a part and parcel of Sádhaná, to lead others along the path of righteousness.

**Shrii Shrii Ánandamu'rti**

The author himself has also given the tunes. The songs are best sung to these tunes.
